SUMMARY AND CHALLENGES

Ajman University of Science and Technology (AUST) has engaged with LiveRoute to help migrate and setup MS Dynamic GP and RemoteApp infrastructure in Azure with a guarantee of minimum disruption to the business.

- ✓ From: Amazon
- ✓ To: Azure
- ✓ Workload: MS Dynamic GP and RemoteApp
- ✓ Tight Schedule for Migration
- ✓ Converting VMs

THE SOLUTION

- ✓ Azure Tenant Enablement
- ✓ Azure Active Directory Office 365 Integrations
- ✓ Multi-Site VPN connection between Azure, On-Premise and Amazon
- ✓ Offline Migration by converting Amazon VMs to VHD
- ✓ Publish Desktop App using Windows Remote Desktop Services
- ✓ Perform Remote Level 2 Support for Help Desk Teams in multiple locations: Ajman and Fujairah

BENEFITS

Customer objective: to secure the 24/7 availability of all its web services while balancing its IT budget and enable resiliency without the need for redundancy.
